

SupaStix Contact Spray Adhesive

High strength, fast tack spray adhesive

SupaStix Contact Spray Adhesive is used to bond paper, cardboard, fabric, urethane foam, foil, metal, wood and most plastics to itself and a variety of other substrates.

SupaStix Contact Spray Adhesive

High strength, fast tack spray adhesive

Uses:

May be used either for permanent or temporary bonds and to bond carpet. It is ideal for bonding carpet, vinyl, foam and even polyethylene to itself, concrete, wood and many hard to bond surfaces.

Technical Notes:

CAUTION: FOR INDUSTRIAL USE ONLY

Avoid contact with skin and eyes. Use directional arrow on spray head to avoid spraying in eyes. May cause eye, skin and respiratory tract irritation. Overexposure to vapours may cause central nervous system depression resulting in symptoms such as light-headedness, nausea and headache. It also may cause peripheral nervous system effects such as numbness in the extremities. Use with adequate ventilation, ensuring fresh air entry during application. If you experience symptoms of overexposure, increase fresh air or leave the area.

STORAGE:

Do not store above 49°C, or in direct sunlight. Do not puncture, incinerate or discard in compactor.
